

NO SHOTS– NO SCHOOL

5.1 ENROLLMENT AND WITHDRAWAL

assuming responsibility for the supervision of the child.

E. Evidence of Medical Examination

Students, grades PreK-12, entering Florida Schools for the first time must present evidence of a medical examination performed within the twelve months prior to their initial enrollment (*F.S. 1003.22*). For purposes of this rule (D) only, enrollment shall be defined as the day the student is brought to school to fill out necessary forms (i.e., registration) for the purpose of becoming a Broward County Public School student. It is not necessarily the first day of class.

F. Evidence of Immunizations

1. Florida law requires that, prior to a child's attendance in a public school in prekindergarten through 12th grade, parents shall provide a Florida Certificate of Immunization (Form DH 680). The Florida Department of Health shall determine the required immunizations. Required immunizations are outlined annually in a state publication titled "Immunization Guidelines: Florida Schools, Child Care Facilities and Family Day Care Homes." This information is also updated annually

in the Registrar's Handbook provided by the district Guidance Department. The original DH 680 form is a permanent school record and should be filed in the student's cumulative health record.

2. Students may attend school without a Florida Certificate of Immunization if they have a religious exemption (Form DH 681), a temporary exemption (Form DH 680 Part B) or a medical exemption (Form DH680, Part C).

3. Principals will issue a 30 day temporary exemption for all students except those who transfer from one Broward County public school to another Broward County public school.
